

APH 14 Cordfree Electro-Pneumatic Rotary Hammer

Name: APH 14

I.D. Nr.: 321 585

Description:

The APH 14 is the most powerful addition to the AEG line of cordfree tools. This high performance, reversible rotary hammer drills at the phenomenal speed of 12 inches/min!

The APH 14 utilizes SDS-plus bits and features the high impact, low vibration electro-pneumatic system AEG is famous for. A slip clutch also enhances operator safety in case of overloads or bit jams.

The same "1 Hour Quick Charge" P 12 Battery Pack and UC Charger used by other AEG 12 volt cordfree tools powers the APH 14. It can also accept the revolutionary 4 amp hour "XS" battery pack to give it a 300% increase in production performance. That is 3 times the number of holes drilled with the standard P 12 battery pack!

Performance & Specifications:

Capacity in Concrete	5/8"
Capacity in Steel	1/2"
No Load Speed	860 RPM
Rated Load Speed	780 RPM
BPM/Rated Load	3540 BPM
Motor Voltage	12 VDC
Length	12-1/2"
Weight with 1.2 Ah	
12 Volt Battery Pack	5.5 Lbs.
Weight with 4 Ah	
12 Volt Battery Pack	8.25 Lbs.

Standard Equipment:

APH 14 XS:

APH 14 Rotary Hammer, 4 Ah 12 volt P12XS battery pack, UC charger, side handle with depth gauge, dust shield and metal carrying case

APH 14 with P 12 Battery Pack
